

7-9 Mermaid Avenue Mermaid Beach QLD

Yves at Mermaid Beach, nestled between vibrant Broadbeach and ultra-cool Miami, looks out over perhaps the most relaxed stretch of coastline on the Gold Coast. Perfectly positioned on Mermaid Avenue, it's a relaxed stroll to the Mermaid Esplanade, one of the Gold Coast's more relaxed beaches, loved by locals.

Designed by renowned architects Rothelowman and currently under construction by Hutchinsons Builders, Yves will be a striking addition to the Mermaid Beach skyline. Fluid scalloped lines will flow the full height of the building, rising from the integrated subtropical greenery and the whisper of the ocean, soaring upwards to create a remarkable sculptural form delivering spectacular Pacific Ocean views. With completion targeted for 2024, Yves is everything you've been waiting, hoping, wishing for.
